4 1/2"	\$10,351	\$10,630	\$10,666	\$10,954
5"	\$11,291	\$11,596	\$11,636	\$11,950
5 1/2"	\$12,234	\$12,564	\$12,606	\$12,946
6"	\$13,172	\$13,528	\$13,539	\$13,904
7"	\$15,053	\$15,460	\$15,510	\$15,929
8"	\$16,933	\$17,390	\$17,449	\$17,920
9"	\$19,847	\$20,383	\$20,451	\$21,004
10"	\$20,371	\$20,921	\$21,326	\$21,902
11"	\$22,578	\$23,188	\$23,264	\$23,892
12"	\$24,458	\$25,119	\$25,201	\$25,882

Fee is based on the size of the tap made at the main that provides the domestic water service to the building

For taps greater than 12", add \$1,000 per 1/2" increment

1 1/2" is the minimum size required for residential units with fire sprinklers

6" is the minimum size allowable for any fire service

Meters and backflow devices are to be installed by the owner and their plumbing contractor

Water meters, up to 2", will be purchased from the Public Works Department

2011 FEES EFFECTIVE DATE 05/01/11
